Commercial space in the new residential and commercial complex Kadrioru Plaza in Tallinn with an ideal location on the border of the famous Kadriorg Park and the city center. The location of Kadrioru Plaza is very convenient for both tenants and their clients.

The complex is located next to one of the busiest transport hubs and in close proximity to important service companies and government agencies. Additional connections to the city center and airport as well as Kadriorg with its parks, cafes and museums add value to this property.

Large commercial windows provide space and light, as well as an excellent opportunity for product presentation. Upon entering the building, you are greeted by a guest lobby and a spacious four-story atrium. The price includes underground parking. Finishing according to the wishes of the buyer is included in the price of the premises.
